BROWN, AND ...**

TANK?

Student-athletes bring the Fighting Irish spirit to the field of play. Jennifer Tank brings it to the fields of freshwater ecology and environmental science.

Enjoy today's game, and then tomorrow, visit provost.nd.edu/tank to learn how Professor Tank's research on conservation practices will protect not only our streams and rivers but also the livelihoods of farmers and their families.

Jennifer Tank

JENNIFER TANK

*Ludmilla F., Stephen J., and Robert T. Galla Professor of Biological Sciences,
Director of the Notre Dame Environmental Change Initiative*
