

Please provide for the Provost Office the following information on a state-by-state/US territorial basis to fulfill CFR 668.43(a)(v) and 668.43(c) of which the information has been provided the email.

For more information on licensing requirements, including contact information for every state and territory licensing board, please see the Association of State Boards of Professional Psychology (ASBPP) webpage <http://psybook.asbpp.org/>. All states require the completion of supervised predoctoral practicum hours and a predoctoral internship. These aspects are also required for the doctoral degree in clinical psychology at Notre Dame University. In addition to education requirements for the doctoral degree, however, many jurisdictions require post-doctoral professional experience. These requirements are beyond the curricular requirements of Notre Dame's Clinical Psychology Ph.D. program.

Note that in some jurisdictions, in addition to being licensed as a psychologist, an individual can obtain prescribing privileges. Notre Dame's program does NOT fulfill requirements for licensure as prescribing psychologists in those states and jurisdictions that allow for it. Typically, additional coursework in pharmacology is needed in addition to the doctoral degree. Note that the District of Columbia has its own regulations aside from the states listed here. Notre Dame's Clinical Psychology Ph.D. program meets D.C.'s requirements (see <https://dchealth.dc.gov/>). Please see the ASBPP website for information about other U.S. territories and Canadian provinces.

Below, an asterisk (\*) indicates that earning a doctoral degree from a program accredited by the American Psychological Association (APA) and/or the Psychological Clinical Science Accreditation System (PCSAS) satisfies educational requirements for licensure. Notre Dame's Clinical Psychology Ph.D. program is accredited by APA.

State	Meets	Does not meet	Not sure	Web address for further information					
Alabama (AL)	X*			<a href="http://www.psychology.alabama.gov/default.aspx">http://www.psychology.alabama.gov/default.aspx</a>
