

2022 PRESIDENT'S AWARD

The President's Award recognizes a member of the faculty and/or the administration for distinguished service to the University over an extended period of time. As Notre Dame's first associate vice president for undergraduate enrollment, this visionary transformed the enrollment management model to optimize the outreach, recruitment, and enrollment of exceptional first-year classes year after year. He long championed the need for an enhanced on-campus student visit experience that culminated in the 2021 opening of McKenna Hall. He also oversaw the creation of multiple programs that attract a more diverse pool of applicants – including first-generation, Pell-eligible and underrepresented minorities – while staying true to the University's mission, values, and high academic standards. Through it all, he has never lost sight of the importance of a personal touch. He has traveled across the country and around the globe to help grateful students and families navigate the college search process while highlighting the world-class experiences and opportunities of a Notre Dame education. His presence and warmth have always been well received.

The University of Notre Dame is proud to present the 2022 President's Award to

Donald C. Bishop

Associate Vice President for Undergraduate Enrollment
